**Spring** - "the season after winter and before summer, in which vegetation begins to appear, in the northern hemisphere". A simple definition! However, we all know that there's much more happening than is described in those few words, especially where we live. So, let's go enjoy the 92.771 days of spring! What's blooming in your garden? From my perch on the sunporch, I see immediately in front of me the Forsythia budding, in spite of me and my negligence! And there's the poor daffodils that slump over from the affects of the snow we had a few weeks ago. They were so pretty but now so sad! Among those sad looking daffodils, I just spotted some greenery about 4 inches tall that will soon produce some tulips! I should tell you that I am really, really excited about the tulips! No tulip was ever planted or bloomed in Tampa, Florida, so this is my first ever, planted by my hands, tulips! Drive by my house in a few days and look for the different colors of tulips! All those tulips are going to make me so happy!

A little background...we bought this house once owned by master gardeners who spent their entire days, and maybe some nights, working in this garden. I'm sure that it was glorious, and I'm truly thankful that I can still see the results of their hard work even now. In the yard, I see remnants of some lovely purple blooms, some tiny bell shaped flowers, and several others teasing me with their new growth. I'm not a gardener and never will be! So...when you drive by to catch a look at my tulips, you might see Rush and me out raking leaves and pulling weeds. Bring a rake and cutters. I'll provide the bags! By the way, even in my ignorance of horticulture, I was able to plant & cultivate our poinsettias from Christmas to make a lovely garden around our pool in Tampa.

On this sunny afternoon, I hear the call of some lovely bird I don't recognize, but I surely enjoy the song! I also see some crows, maybe even older than me, fighting over something in the road that also produced some interest by a squirrel who happened by. A window is open and lets in some cool air but will soon have to be closed for the 39 degrees that will come in the morning. What are those trees off in the distance with the snowy looking blossoms? So showy and so pretty!

In a few weeks, we will be celebrating Easter and all that comes with it. I'm remembering one particular Sunrise Service here at the lake when it was 23 degrees, and the service was moved in to the Chapel. Even so, I recall keeping on my coat, hat and gloves! Rush's mother was with us then. She loved sharing Easter with us at the lake, as did his sister and her husband. We'd set up our large dining table in our tiny cottage living room to make a place for everyone who came. Such powerful memories!

On Easter Sunday morning, April 17, 2022, we will gather with family for Sunrise, breakfast, and church, and make new memories that will last a lifetime. I hope I get to sit by Grace! We sang so loud last year even with our masks on, and it was glorious! Can you imagine the sound we're going to make without our masks!

**Happy Spring and Happy Easter, friends!**

**Corneille Bryan Native Garden**

One of my favorite native flowers is yellow trillium. As you explore the upper garden this week you will see and smell this lemony scent along the trail.

Such a thrill! What a treasure we have here at Lake Junaluska especially in the spring. There may be new flowers blooming every day..

The CBNG board is offering several educational and volunteer opportunities during April. You are invited to participate:

April 4, 2 pm, *Native or Invasive?* Workshop at Stuart Spring - Janet Manning, CBNG Manager

## From the desk of Ken Howle, CEO.....

### A Community that Provides the

### Highest Quality of Life for Residents and Guests

Ken Howle, CEO

Throughout Lake Junaluska’s history, one of its most significant traditions has been how members of the community dream of amazing ways for us to live out our mission. By working together towards these dreams for 109 years, we have seen amazing outcomes ranging from Memorial Chapel to Inspiration Point. We recently saw another example of this continued tradition.

In early March, Susan Giles shared with us that she felt we needed to do something related to the war in Ukraine. She dreamed of a time of prayer in which we could all come together and pray for peace. Lake Junaluska staff and Susan worked together to find a date when Memorial Chapel would be available and then quickly prepared the space so that we could gather there on March 15. The teamwork and collaboration leading up to the event was beautiful. By working together, Susan’s dream became a reality, and we all benefited from this great experience.

This month we conclude the five-part series on the strategic vision for Lake Junaluska. Below is the aspiration that focuses on the community. It includes the purpose of Assembly Public Works and the unique role of the Junaluskans as our volunteer service organization and also captures the way our community welcomes all and works together to make great things happen.

**Aspiration 5 - To be an involved, inclusive community that provides the highest quality of life for our residents and guests.**

**Goal 1: Plan and invest wisely in the community to enhance property values.**

**Objective 1:** In conjunction with the Assembly Public Works Committee, create/update a 10-year plan for the maintenance and improvement of streets, street lights, sidewalks, stormwater, water/sewer and waste removal.

**Objective 2:** Begin implementing the plans developed in Objective 1.

**Goal 2: Maintain a safe community that assures security for residents, visitors and guests.**

**Objective 1:** Conduct a risk-assessment in order to address identified vulnerable areas and needs.

**Objective 2:** In conjunction with the traffic study, explore additional safety measures for pedestrian and vehicular traffic.

**Goal 3: Communicate effectively to have a well-informed community.**

**Objective 1:** Establish ongoing communication methods to include all community stakeholders to enhance relationships, encourage involvement and volunteerism, awareness, understanding of opportunities and ways to connect with other residents.

**Objective 2:** Establish feedback mechanisms for large projects affecting community residents.

**Goal 4: Involve the community in the accomplishment of the Lake Junaluska mission.**

**Objective 1:** In conjunction with the Junaluskans, develop a volunteer engagement task force to identify opportunities where volunteers can participate in the fulfillment of the Lake Junaluska mission.

**Objective 2:** Based on the needs outlined in Objective 1, develop a plan to recruit volunteers and volunteer leaders to increase overall participation in volunteering at Lake Junaluska.

### Lake Junaluska to host Annual Plant Sale

The Lake Junaluska Annual Plant Sale and the Corneille Bryan Native Garden plant sale will be held together on **Saturday, April 30, from 8 a.m. to 2 p.m. at the Nanci Weldon Open-Air Gym.**

The landscaping team at Lake Junaluska will have more than 2,500 plants for sale including

annuals, perennials, vegetables, herbs and house plants. They range from plants propagated from Lake Junaluska’s Biblical Garden to colorful, original Coleus cross-bred on the grounds. Also at the sale will be several varieties of plants from the Corneille Bryan Native Garden.

“We look forward to the plant sale every year because we get to share some of the plants we love watching bloom and grow in the gardens here at Lake Junaluska, and we get to meet members of our community who share our love for gardening,” said Melissa Tinsley, landscaping manager at Lake Junaluska. “This year will be even more meaningful as we combine the Annual Plant Sale with the Corneille Bryan Native Garden’s plant sale in one event.”

Plants range in price from \$2 to \$25 and can be purchased by cash, check or charge. Proceeds from the plant sale directly support landscaping at Lake Junaluska, where the grounds and gardens are open for all to enjoy and made possible through charitable giving. Proceeds from the sale of native plants will specifically benefit the Corneille Bryan Native Garden.

For more information, visit [www.lakejunaluska.com/events](http://www.lakejunaluska.com/events) or contact Tinsley at [mtinsley@lakejunaluska.com](mailto:mtinsley@lakejunaluska.com).

## Junaluska Monthly Dinners

In our March meeting, the Board voted to resume our monthly dinners in April. That dinner will be held in the Terrace Bistro Back Dining Room on April 19 at 5:30 p.m. We hope you'll plan to be with us, and, if so, you must make a paid dinner reservation. Please come to the April meeting prepared to make your reservation and payment to Steve Berwager, our treasurer. If you won't be attending the meeting but still want to attend the dinner, please contact Steve at [sberwager@aol.com](mailto:sberwager@aol.com), or leave a text at:

(828)545-0009.

The charge for the dinner per person is \$23 and includes the following: fried or baked chicken, mashed potatoes, green beans, biscuit, salad bar, dessert, drinks and gratuity. There will be entertainment and some wonderful fellowship with your neighbors and friends. I hope to see you there!

Nancy Hood, President of Junaluskans

**ART IN PLACE III- "Mountain Spring"** begins **April 10 and runs through May 10**. You are invited Lake Junaluska artists and homeowners, to exhibit an original work of art to be displayed outside their home, porches, decks, or from a window visible to the public. This collective action provides artists and community members with a sense of hope and connectivity through the experience of public art. Art is a way to transform, connect, and inspire. There is no better tool for this than art. We are pleased to have Shining Rock Academy participating again this year.

To participate, email the following information to [Tuotiria@gmail.com](mailto:Tuotiria@gmail.com).

Name of Artist or Family/Group participating, Address, Email, Phone, Title of Art, Medium or what materials will you use to create your art, Location of Art (front yard, window, deck)

If you would like to display your art on Lakeshore Drive please let us know.

- Exhibit an original work of art outside your home or in a window that is made visible to the public April 10-May 10.
- Email a photo of your artwork including a 2-3 sentence description of the work to [Tuotiria@gmail.com](mailto:Tuotiria@gmail.com).
- Share the rights to produce images of your work for the purposes of promoting this project. Image will be used for the following: promotion on the Lake Junaluska website, prints, Lake Views and News, maps and other formats.
- Share the address of the artwork location for the purposes of a public map of **ART IN PLACE**.
- Post a **ART IN PLACE** sign close to your artwork for easy Identification.
- All residents at Lake Junaluska are welcome to participate.
  - ♦ All mediums accepted.
  - We encourage site-specific works and installations. If interested in selling a work, consider how you might make a collectable work available for purchase.
  - ♦ If you do not have access to a window that is directly visible to the public, but would like to participate, please email [Tuotiria@gmail.com](mailto:Tuotiria@gmail.com). We have homeowners willing to host works of art.
    - A List of participants will be made available for viewing.
    - Lake Junaluska Artists in Residence are producing ART-IN-PLACE voluntarily.

Hi Everyone,

1: I am sending out this list of “area chairs” for the flea market to make sure I have the right phone numbers and e-mail addresses. Please check the list below and let me know via e-mail if anything needs editing. (also let me know that you received and have read the e-mail)

2: The list is for you to use if you need to contact anyone else on the team.

3: Pass the word along to your friends that they too can get rid of their ‘treasures’ at our flea market. Also keep in mind neighbors and friends that are moving – the flea market is a great way to pass off unwanted items.

4: Please begin ‘recruiting’ helpers for your area.

5: Publicity will be coming out hot and heavy in May and June so look for the articles and pictures in newspaper, etc.

6: Shopping hours will be 8am until 11:30am. **‘Early bird’ shopping will be from 7:30-8:00am for a \$5 fee.** Please pass on this ‘opening hours’ information.

7: Again this year: We are asking each area chair to to **recruit 1 or 2 NEW volunteers** to help in your area. This can be a new neighbor or someone “new to the flea market.” We are looking for additional helpers as well as extending this wonderful opportunity for fellowship at Lake Junaluska.

8: Masks will be optional this year.

9: I will need the names of your area helpers by the last week in May so that I can pass the list on to Nancy for nametags. Call or e-mail us if there are any questions and/or suggestions about the flea market. Have a wonderful spring!

### Ukrainian Religious Symbols in Chapel

Watching the news on the pain and suffering of the Ukrainian people, I remembered our Lake Junaluska Chapel has numerous Ukrainian religious symbols embedded and almost hidden in the stained glass windows. These symbols not only describe their faith but also their strength to defend their homeland. Among the symbols in the Room of Memory, three kinds of symbols show arrow heads. John Harper’s book, Mystery of Memorial Chapel provides the meaning: “Arrow Head-protection of the home and homeland as on a military uniform.” For more information about our chapel windows, check the book above. God bless us all.
